This Financial Services Guide (FSG) is an important document which we are required to give you under the requirements of our Australian Financial Services Licence.

The FSG provides you with information about:

- The services we can offer you and the types of products we offer
- How we (and other related persons) are remunerated
- Any potential conflicts of interest we may have
- Our internal and external complaints handling procedures and how you can access them

If you choose to use our services you may also receive from us a Product Disclosure Statement (PDS), Statement of Advice (SOA) and/or Record of Advice (ROA).

To invest in any of our financial products you must complete the application form attached to the relevant PDS. The PDS contains information about the particular product and will assist you in making an informed decision about that product.

The Statement of Advice will contain:

- Our advice, and the basis on which it is given
- Information about fees and commissions
- Any associations which may have influenced the advice

On an ongoing basis, an ROA will be provided instead of an SOA if there have been no significant changes in your personal circumstances or the basis of the advice has not significantly changed since your last SOA was provided. You have the right to request a copy of your ROA at any time at no cost to yourself.

What do we expect from you?

We expect that you will provide us with accurate information that we request so that we have a reasonable basis on which to provide you with advice. You need to provide us details of your personal objectives and needs, details of your current financial situation and other relevant information, so that we can offer you the most appropriate advice possible.

You have the right not to provide us with your personal information. However, if you do not provide us with sufficient information, the advice you receive may not be appropriate to your needs, objectives and financial situation.

We expect that you will use our advice to enable you to make informed financial decisions. You should carefully read the information and warnings contained in the SOA or other advice documents before making any decisions relating to a financial product or advice.

We expect that where appropriate you inform your adviser of any changes that may influence your future objectives.

How are we paid for the services we provide?

There are various ways that you may pay for the services we provide, including:

Fee for Service – where you pay a fee directly to Axis via an invoice for the services that we provide;

Adviser Service Fees – this fee is collected by the product provider and paid to Axis. This can involve both initial and ongoing fees;

Commission – In particular circumstances, e.g. insurance, the provider of the product we recommend may pay a commission to Axis.

A combination of both, as outlined in the Authority to Proceed and SOA.

All commission rates are dependent upon the specific products you hold. Specific details of any fees and commissions will be fully disclosed in the SOA that will be given to you.

John Mant is a director of JPM Financial Services Pty Ltd which is a Corporate Authorised Representative of Axis Financial Advisers Pty Ltd, who receives all initial and ongoing fees and commissions, and passes these fees and commissions to this Corporate Authorised Representative under the current Representative agreement.
